Lil Zay Osama

Chicago rapper Lil Zay Osama releases his captivating new mixtape "Trench Baby" with features from G Herbo, Lil Tjay, Jackboy, and Doe Boy.

Chicago rapper Lil Zay Osama has been buzzing for a couple of years, impressing the masses with his 2019 project *Hood Bible*, which featured [Lil Durk](#), [Lil Tjay](#), and more. Coming up as part of the local drill scene in his teen years, LZO has seen his style shift over the years. While he could still dabble in drill, his music is more melody and emotion-based these days, telling his story in an authentic manner, which is seen most clearly on his latest mixtape *Trench Baby*.

"My mindset when I was recording *Trench Baby* was I had to give my fans the real me again, so they feel it in their heart," explains Zay about his new mixtape, which was released on Friday. "Just because I got money and fame, doesn't mean the problems stop. We're still going through a lot of pain and struggle."

Trench Baby features many of the trap ballads that were released in recent weeks, also featuring [G Herbo](#), [Lil Tjay](#), Jackboy, and Doe Boy. Production was mainly handled by the likes of Chew Chew, JTK, Ant Chamberlain, and more.
