October 15, 2021 (Los Angeles, CA) – Neil Young & Crazy Horse's new album **BARN** will be released December 10th, 2021 on Reprise Records, their longtime home since the beginning. The band's debut album **EVERYBODY KNOWS THIS IS NOWHERE** came out in May 1969. Today, **Crazy Horse** features **Ralph Molina** on drums, **Billy Talbot** on electric bass and multi-instrumentalist **Nils Lofgren**. Lofgren, a founding member of the Horse, played on **Tonight's The Night**, **After The Gold Rush** and **Trans**.

BARN is here!

10 new songs that capture the raw, idiosyncratic rock and roll spirit and lyrical beauty that epitomizes a classic NYCH collaboration. Recorded this summer under a full moon, in a restored off-grid 19th century barn high up in the Rockies, the Horse was right at home and the album's stunning love songs, reflective ballads and powerhouse rockers naturally burst into life.
