“The Grammy-nominated rapper is ready to open up about her journey as a bachelorette...The Single Life is Saweetie’s reflection on life since her much-publicized split.” - Rolling Stone

November 17, 2022 (Los Angeles, CA)– GRAMMY®-nominated star **Saweetie** is living in her truth on new project, *The Single Life*. Listen [HERE](#) via ICY/Warner Records. Watch the visualizers [HERE](#).

Earlier today, she teased its arrival with the single “**DON’T SAY NOTHIN’**.” The track exclusively debuted on Apple Music as a New Music Daily Premiere. Right out of the gate, it garnered critical acclaim and social chatter.

The track’s bass line thumps as **Saweetie** leans into the production by 1500 Or Nothin with bold, blunt, and bossed-up bars. Unafraid to get raw, she blasts big mouth exes, but also accepts, “*That’s what I get for kissin’ on these frogs. He got mad and told my business to the blogs.*”

The Single Life finds **Saweetie** at another level altogether. On songs like the track “**HANDLE MY TRUTH**,” she opens up honestly about being a single woman—but with a sense of newfound pride evidenced tenfold on the empowerment anthem “**BO\$\$ CHICK**.” She owns her past

without dwelling on it, and flexes her female power like never before, especially on the provocative and punchy, “**P.U.S.S.Y. (Powerful, Utopia, Supreme, Sacred, Yummy)**.” Check out the full tracklisting below.

This week, **Saweetie** kicked off *Champion*’s inaugural nationwide “**Hoodie Swap**.” She rolled up to her local **Champion Heritage Store** in Los Angeles and traded in a preowned hoodie for a brand-new **Champion** hoodie. While at the store, she also previewed music from *The Single Life* for a packed crowd. Just like **Saweetie**, fans nationwide may “**Hoodie Swap**” for FREE at **Champion stores** and outlets across the country. For more information visit [HERE](#).

Over the weekend, **Saweetie** delivered the keynote address at the **Teen Vogue Summit & Block Party** in Los Angeles and said that “**NO RECEPTION**” will address “everything that’s been in the media about her this year.” View a re-cap [HERE](#).

Saweetie’s unapologetically living *The Single Life* and giving us a glimpse of it. With new music and a new outlook, she sets the stage for her debut album *Pretty Bitch Music* next year.
