**May 5, 2023 (Los Angeles, CA)**- Today, acclaimed darkwave artist, **Mareux**, has released his debut album, *Lovers From The Past* via **Revolution/Warner Records**. In support of the album, **Mareux** will be kicking off a headlining global tour tomorrow with stops in Los Angeles, New York City, Berlin, London and more. Listen to *Lovers From The Past* [HERE](#) and purchase tickets [HERE](#).

*"For me, Lovers From The Past marks the first time that my work has been organized in a very intentional and curated way. It's taken me over a dozen years to get here from when I first began writing music as Mareux. It's the absolute best bit of my creative qualities and storytelling. I love setting the mood and this album is incredibly moody. I hope it can inspire and connect with my fans for years to come,"* says **Mareux**.

*Lover's From The Past* follows **Mareux's** Coachella sets during both weekends of the iconic music festival. Recently, **Mareux** was featured by [Brooklyn Vegan](#) who described the album as "gloomy but neon-lit, nostalgic but modern" with [Post-Punk](#) stating "**Mareux** makes music filled with stories of unrequited yearning and the ghosts of romances' whose memory haunts both dreams and waking hours."

**Mareux** set the stage for the forthcoming project with "**Night Vision**." The track has already generated nearly one million streams and counting. [RAIN](#) hailed it as "deeply confessional," while [Post-Punk.com](#) christened it a "Lynchian dreamscape." The accompanying music video stars *RuPaul's Drag Race's* fan-favorite contestant Gottmik - watch it [HERE](#).

"**Night Vision**" landed in the wake of **Mareux's** 2022 tracks "**Glass**" [feat. [King Woman](#)] and "**The Perfect Girl**," which caught fire on TikTok with billions of views on the sound itself. Not long after, the song gathered hundreds of millions of streams across platforms with north of 241 million on Spotify alone. The winner of *RuPaul's Drag Race* Violet Chachki notably starred in the song's [music video](#), amassing over 13 million YouTube views. *DAZED* summed it up best as a "creeping earworm."
