Leigh-Anne feat. Ayra Starr, “My Love”

Little Mix star Leigh-Anne Pinnock has found an intriguing new lane for her solo career: “My Love,” co-starring rising Nigerian artist Ayra Starr and produced by Afropop connoisseur Magicsticks, values movement above all over the course of nearly three minutes, with both artists singing about relentlessly vibrating rhythms as the percussion follows their cue. “My Love” is designed to be bellowed among groups of friends on the dance floor, and succeeds in pushing Leigh-Anne’s sound into the future. *Jason Lipshutz*
