The tour announcement arrives as **Mother Mother** share their new single, “**Nobody Escapes**” — listen [HERE](#) via **Warner Records** and watch the captivating video [HERE](#). “In ‘**Nobody Escapes**,’ we sing cheerily about the indiscriminate nature of death and how, regardless of status, good looks or physique, the reaper comes for us all,” says **Guldemon**. “The animated video that accompanies our rollicking and blasphemous album opener follows suit, depicting a sinister factory where conveyor belts and machinery crudely sort through freshly fallen souls.”

The track is the latest offering from their highly anticipated new album, **Grief Chapter**, due out **February 16** via **Warner Records**. Pre-order [HERE](#). The album was introduced by lead single “**Normalize**,” which arrived alongside an intense [video](#) directed by acclaimed horror director **Colin Minihan** (*Grave Encounters*, *What Keeps You Alive*). It was then followed by the uplifting “[To My Heart](#)” and the future-facing “[The Matrix](#),” which deploys dreamy keys and swooning vocals.

**Cavetown** is currently finalizing a highly-anticipated batch of new music for 2024. He most recently wrapped his biggest tour to date, **Bittersweet Daze** – featuring **mxmtoon**, **Ricky Montgomery**, and **gretperez** – which was his first stateside run since 2022 and in support of his globally acclaimed album, [worm food](#). As the follow up to 2020’s **Sleepyhead**, the record catapulted Cavetown to more than **4 billion** streams worldwide and earned widespread praise from the likes of **The New York Times**, **The FADER**, **NME**, **V Magazine**, and more.
