April 11, 2024 (Los Angeles, CA) – Today, multi-platinum vocalist, Grammy® winner, Golden Globe Winner, and Academy Award nominee **Andra Day** releases the deliriously honest new single "**Chasing**." Listen [HERE](#) via **Warner Records**. Stripped down and saucy, it's a sweet and serendipitous song contemplating true love. Following on the heels of her latest radio hit, "**Probably**," the stage is now set for the release of her highly anticipated third album, **CASSANDRA (cherith)**. Pre-order/Pre-save [HERE](#).

"Somewhere chasing bags and chasing love," Day croons over mellow guitar plucking. "Both of 'em chasing us — do things, we can't seem to get enough." Threaded throughout the stunning vocal showcase is a sweet sense of longing and a respectful awe for the complexities of love. It's also laden with hooks and quotable lyrics. By the time the chorus unfolds again, it's nearly impossible not to sing along.

"**Chasing**" is the third single off of **Andra Day's** highly anticipated *CASSANDRA (cherith)*, following the sultry number "**Where Do We Go**" and recently released "**Probably**." These singles represent the first new music from the songstress since the soundtrack to *The United States vs. Billie Holiday* in 2021. But that doesn't mean Day has ever ventured all that far from music.

In February, **Andra** delivered a stunning rendition of "**Lift Every Voice and Sing**" at Super Bowl LVIII. Last month, she performed "**Memory Lane**" in tribute at the NAACP Awards. On June 1st, she'll headline the Blue Note Jazz Festival in New York. Click [HERE](#) for more information and tickets. Now, with songs like "**Chasing**," Day has a whole new arsenal of soulful anthems to add to her already-stacked setlist.
