April 12, 2024 (Los Angeles, CA) – Today, **LINKIN PARK** unveil their first-ever career-spanning greatest hits album entitled *Papercuts (Singles Collection 2000-2023)* out now via **Warner Records**. Listen [HERE](#). It is available at all DSPs and in various physical configurations, including CD, Cassette, and double Vinyl. For the latter, there are several limited edition color vinyl variants, a Zoetrope picture disc, and black vinyl.

To celebrate the collection’s arrival, the band just shared a frenetic and fiery visualizer to accompany the sought-after rarity and highlight “**QWERTY**.” Watch [HERE](#). Fittingly, the clip reflects the energy of the hard-hitting *Minutes To Midnight*-era B-side with its buzzsaw distortion and cathartic vocal delivery.

They initially teased *Papercuts* with the never-before-released track “**Friendly Fire**.” The single notably just hit **#1 at the Alternative Radio Chart**, marking the band’s **13th number one at the format**. It has impressively gathered over 20 million streams and counting so far as well as 7 million YouTube views on the music video. Earning acclaim, [People](#) noted how “*the song encapsulates [One More Light]’s style,*” and [Revolver](#) praised, “*Poignantly, the single features one of the last recorded vocal performances by their late, great frontman Chester Bennington.*”

In addition to new arrivals “**Friendly Fire**” and “**QWERTY**,” the 20-track **Papercuts** compiles 18 essential anthems, from “**Crawling**,” to the **Jay-Z** collaboration “**Numb/Encore**,” to the recently **RIAA Diamond-Certified** (10x Million) “[In The End](#).” See below for the full tracklisting.

Linkin Park were inspired to thoughtfully curate **Papercuts** by their fans’ passionate reception of the 20th Anniversary Editions of **Hybrid Theory** in 2020 and **Meteora** last year, with both albums topping *Billboard’s* Top Hard Rock Albums Chart, Top Rock Albums Chart, Top Catalog Albums Chart, and Top Vinyl Albums Chart, and earning Top 10 debuts on the *Billboard 200*. That enthusiasm led to this comprehensive retrospective of the band’s journey so far in the span of one epic album, **Papercuts**, out now.

Their RIAA Diamond-certified full-length debut, **Hybrid Theory**, stands out as the “*best selling debut of the 21st century*,” while landmark sophomore album **Meteora** bowed at #1 on the *Billboard* Top 200 before going 8X-Platinum in the U.S. The band’s worldwide sales across the entire catalog eclipses 100 million, and among numerous accolades and honors, they have garnered 2 GRAMMY® Awards, 5 American Music Awards, 4 MTV VMA Awards, 10 MTV Europe Music Awards and 3 World Music Awards. Selling out stadiums worldwide, they’ve headlined global music festivals such as *Download* and *Reading & Leeds* in the UK, *Rock in Rio* in Portugal, *Rock Am Ring* and *Rock Im Park* in Germany, and *Summer Sonic* in Japan. They also remain the first and only Western rock band to play a five-stadium tour in China. 2017’s Gold-certified **One More Light** marked their fifth #1 debut on the *Billboard 200*. In 2020, the band celebrated their groundbreaking debut album, **Hybrid Theory**, by releasing a comprehensive 20th anniversary edition super deluxe box set which features their RIAA Diamond-certified single “In The End.” In 2023, the band released **Meteora 20th Anniversary Edition**, which topped the charts and featured the newly-uncovered song “Lost.” The emotionally charged single was originally recorded during sessions for their second studio album **Meteora (2003)**, and soon after its February 10, 2023 release, “**Lost**” hit #1 at both Alternative and Rock radio.
